DUFFEL 65

Designed to be carried in multiple ways, DUFFEL 65 is a convenient, ergonomic bag with a volume of 65 liters. The back and shoulder straps are padded for comfort when used as a backpack. Versatile, it can be carried in multiple ways, thanks to the removable shoulder straps. It has a large opening which allows easy access to equipment, two pockets in the inner flap and a large side pocket for a helmet or shoes. A large transparent area allows rapid identification of the bag. It is constructed of high-strength TPU tarp fabric for intensive use.

Large D-shaped opening for easy equipment organization.

Large side pocket with zipper closure to separate the helmet, shoes or other objects from the rest of the equipment.

The high-strength TPU tarp fabric (no PVC) allows regular to intensive use.

Padded, adjustable back and shoulder straps for comfortable carrying.

Short Description Medium-capacity transport bag

Selling Points

- 65 liter transport bag, ergonomic and convenient:
 - padded back and shoulder straps for comfortable carrying
 - two carry options: as a backpack or on the shoulder
 - four compression straps to optimize bag volume and to reduce shifting of equipment during transport
 - rapid buckles allow the shoulder straps to be completely removed
- Easy access to equipment:
 - large D-shaped opening for easy equipment organization
 - two pockets (one with a key clip) in the inner flap to organize documents and personal effects
 - large side pocket with zipper closure to separate the helmet, shoes or other objects from the rest of the equipment
 - transparent area for quick and easy identification of the bag
 - four webbing handles around the bag for easy manipulation on all sides
 - eight equipment loops inside the bag
 - padlockable sliders on the main pocket
 - yellow interior for clear visibility inside the bag
- Excellent durability for intensive use:
 - high-strength TPU tarp fabric (no PVC) for regular to intensive use The TPU tarp fabric is resistant to UV exposure (doesn't fade), to oil, grease and high and low temperatures. It is chlorine-free (no odor) and recyclable
 - black bottom and sides are welded for abrasion and tear resistance
 - shoulder straps with attachment buckles made of steel with anti-corrosion treatment.
