N96051

Ninja

Dipped

Specification Sheet

PRODUCT DESCRIPTION:

The N96051 Ninja® BNF Evolution puts sustainability at the core to reduce the Carbon Footprint. In addition to 1/3 of the component materials [by weight] of the Ingenia™ liner being sustainably sourced, production requires 30% less energy and minimizes greenhouse emissions by as much as 60% of CO² as compared to the production of nylon. Furthermore, the Ingenia™ liner with a porous NFT® coating results in more moisture absorption, permeation capability and breathability than any other competitive products in its category. The N96051 features a comfortable and breathable 15 gauge Ingenia™ shell coated with New Foam Technology (NFT®) which features micropores that absorb surface liquids to provide excellent oily and wet grip. If you are searching for the best coated work gloves, look no further than MCR Safety!

FEATURES:

- Shell is constructed of Ingenia™ eco-friendly material
- NFT™ coated palm and fingertips significantly increases gripping power
- 37% of its material composition are renewably sourced ingredients [by weight]
- Requires 30% less energy than production of an equal amount of nylon
- Reduces CO² emission by 63% over the production of an equal amount of nylon
- Comfortable stretch and elasticity
- Great moisture wicking properties
- Breathable and easy to wear
- Treated with ActiFresh®
- Touchscreen friendly

APPLICATIONS:

Agriculture, Baggage Handling, Carpentry, Construction, Landscaping, Manufacturing, Sanitation, Warehousing
